Inkjet Inks

Kao Chimigraf inkjet inks feature the most vibrant colours. Raw materials and innovation are the key factors in developing high-performance inks.

ADVANTAGES

COMPLETE RANGE

UV, LED, solvent, mild and true eco-solvent inks, single-pass inks and oil-based inks.

WIDE COLOR GAMUT

To ensure a perfect colour match and to enlarge our colour gamut to the limit.

PRINTHEAD PERFORMANCE

Nano particle-sized pigments to avoid clogging in the printheads. Recognized as the preferred ink partner for leading print-head manufacturers.

LASTING CAMPAIGNS

Specifically developed for the outdoor advertising industry. Light fastness equal to approximately 24-months outdoor exposure according to ASTM D-2565-99.

STABILITY & RELIABILITY

The most exhaustive quality controls provide first-class stable inks.

R&D

Our expert laboratory achieves the optimal solution for each application, minimizing hazards and environmental impact.

FLEXIBILITY & ADHESION

Superb flexibility on flexible substrates. Good adhesion on rigid substrates.

REDUCED INK CONSUMPTION

High optical density to reduce ink consumption.

The future of ink starts here

WATER BASED PIGMENTED INKS	
ACQUA STREAM	WB pigmented inks for inkjet paper - Kyocera PH
ACQUA FLOW	WB pigmented inks for inkjet paper - Epson i3200a PH
ACQUA OCEAN	WB pigmented inks for offset paper, PP and PET - Kyocera PH
ACQUA LAGOON	WB pigmented inks for offset paper, PP and PET - Epson i3200a PH

TRUE ECOSOLVENT & SOLVENT INKJET INKS	
ECO PURE	True EcoSolvent inks for EPSON ph
RESISTANT	Mild-Solvent inks for EPSON ph
CONQUER	Solvent inks for RICOH GEN5 ph
SPICY	Solvent inks for POLARIS ph

LED INKJET INKS	
COSMIC	Hybrid ink for Kyocera KJ4A series
PROTONIC	Hybrid LV ink for EPSON i3200
DYNAMIC	Hybrid ink for Ricoh Gen6
ATOMIC	Hybrid ink - 6 to 80 pl
CYCLONE	Flexible ink for R2R - 6 to 80 pl
MERCURY	Rigid ink for printing on metal - 6 to 40 pl
CORUSCATE	Hybrid ink for printing on corrugated EPSON s3200
DIMENSIONAL	Inkjet Glossy Varnish for 3D effect - 6 to 80 pl

These inks are produced by Kao and have undergone extensive lab and production testing.

Innovation makes the difference

In-house laboratories with a highly qualified and proven track record team of technicians.

Pioneers in the development of innovative flexography, rotogravure and inkjet solutions, such as fluorescent, metallic and thermochromic inks, food freshness indicators, among others.
